

Our Virtual Survey, your new reality

Need support? We're here to help you

The COVID-19 pandemic brings new challenges for you and your relocating employees. You may have employees that are in the process of relocating or planning to move internationally. We continuously adapt the way we work to support you during these uncertain times. To enhance your relocating employees' safety, comfort, and well-being, we're doing all of our Home Surveys on a virtual basis. This is where our move specialists plan your employee's move without entering their home. The Virtual Survey is conducted via video. We highlight below some of the many benefits.

► Convenient

Virtual Surveys allow for greater flexibility. They can be scheduled at a time and date that suits your employees.

► Safe

There's no need for anyone to physically visit your employee's home, the survey takes place via video.

► Quick

Virtual Surveys are twice as fast as an In-Home Survey, where the surveyor has to make a home visit in person.

► Environmentally friendly

No home visits means that there are less car journeys to and from your employees' homes.

► Accurate

Virtual Surveys provide detailed information on video, which allows for a very accurate estimate.

► Secure

Safe storage of personal data is very important to us. We encrypt data before storing it on our secure server.

For more details on how we can assist you, please email covidresponse@santaferelo.com or contact your local Santa Fe representative directly. We are here to help you.

We make it easy

**We enable people and organisations
to work, live and thrive in new places
around the world.**

About Santa Fe Relocation

Santa Fe Relocation is a Global Mobility company specialising in managing and delivering high-quality relocation services worldwide. Our core competence is providing services that help corporations and their employees as well as individuals and their families to relocate and settle in new places. These services are delivered to a consistently high standard, locally and globally, and managed through our own operations around the world. For more information, visit us at [santaferelo.com](https://www.santaferelo.com)

Environmental Responsibility As outlined in our Communication on Progress report, we take our environmental responsibility very seriously. We always aim to use printers that are FSC certified. This means that the printer purchases and uses wood, paper, and other forest products produced from well-managed forests and/or recycled materials. If you have received this document electronically, please consider your environmental responsibility before sending to print.
